

Mini35: Guide to Assembling the Ergonomic Handle

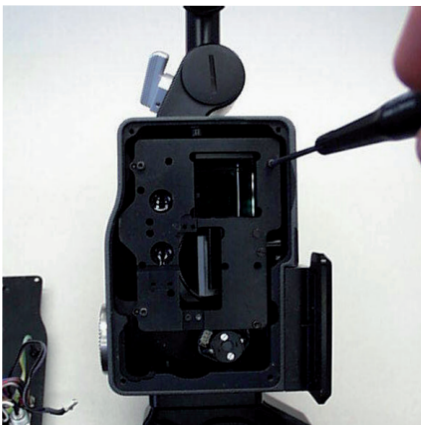

This guide is for the MINI35 Modell 200 or 300. The MINI35 „Oszi“ Modell 400 is delivered with an Easy Rig Handle included.

Step 1)
Open the rear element of the adapter (remove the 4 screws)

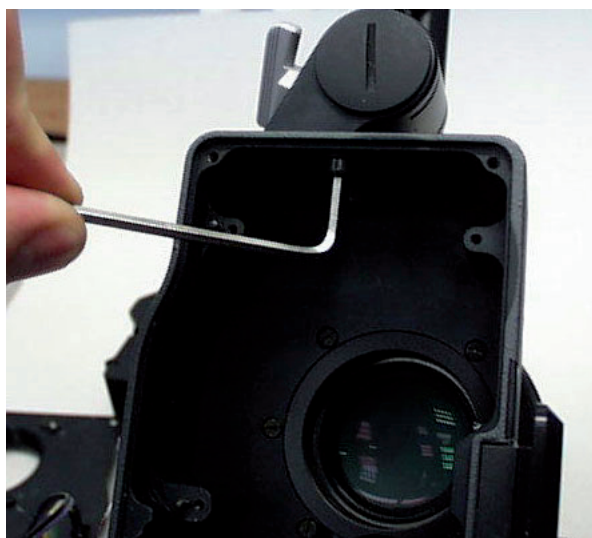

Step 2)
Disconnect the electronics from the adapter body

Step 3)
Remove prism holder (4 hex screws)

Step 4)
Disassemble the old holder

Step 5)
Assemble new ergonomic holder, fixing plate and handle.
